

## CLAIMS

I claim:

- 5           1)    A golf putter head comprising a body portion having a substantially cylindrical configuration in cross-section, said body portion having a central portion and oppositely disposed end portions attached thereto, the diameter of said end portions being slightly greater than the diameter of said central portion, and said central portion having a blind bore therein  
10           in the approximate center thereof, said blind bore receiving the shaft of a putter and having its longitudinal axis substantially perpendicular to the longitudinal axis of the shaft of the putter.
- 15           2)    The golf putter head as defined in claim 1 wherein the overall length of said body portion is about 3.875 inches.
- 3)    The golf putter head as defined in claim 1 wherein the length of said central portion of said body portion is about 3.500 inches.
- 20           4)    The golf putter head as defined in claim 1 wherein the diameter of said central portion of said body portion is about 1.1875 inches.
- 5)    The golf putter head as defined in claim 1 wherein the diameter of each of said end portions of the golf putter head is about 1.3125 inches.
- 25           6)    The golf putter head as defined in claim 1 wherein the weight of said golf putter head is about 240 grams.
